Dear Mr. Weisberg:

Thank you for your kind comments in your letter of August 6, 1967, concerning the service you have received from the National Archives.

The correspondence and internal memoranda of the Commission that have previously been made available for research consist of (1) all correspondence and memoranda relating to films, tape recordings, photographs, and press clippings and (2) general internal memoranda addressed to the General Counsel of the Commission from December 1963 through March 1964. It is the remaining chronological files of correspondence and memoranda that can be made available under the guidelines that we expect to be able to release for research about September 15. The autopsy file is a subject file which is a part of these basic chronological files.

We are preparing a copy of the file classification manual of the Commission for you. You will be notified if any of the records in which you are interested become available.

Sincerely yours,

Robert H. Bahmer
Archivist of the United States
